Soft Skills

- Agile teamwork (Scrum/Sprint)
- Proactive and continuous learner
- Strong problem-solving skills
- Attention to detail and development best practices
- Autonomous and responsible work ethic

Languages

- Spanish (Native)
- English (B2 Certified)

Work Experience

Frontend Developer
Controlnet S.L. | March 2024 - July 2025

- Developed mobile interfaces using Flutter, contributing to the launch of two functional apps within tight deadlines.
- Built modular and reusable components in Angular (v16–18), reducing code duplication by 30%.
- Integrated REST APIs in close collaboration with backend developers.
- Implemented interfaces using Tailwind CSS and Bootstrap.
- Applied clean architecture and SOLID principles to ensure scalability and maintainability.
- Mentored two interns: assigned tasks, reviewed code, provided technical guidance, and trained them in project best practices.

Intern Developer
Controlnet S.L. | October 2023 - January 2024

- Developed a web application using Angular 16, TypeScript, and Bootstrap.
- Implemented responsive UIs based on client-provided designs.
- Consumed APIs via HTTP requests.
- Supported integration testing and feature validation.
- Collaborated with the tech team to align goals and outcomes.

Education

IES Doñana
HND in Web App Development | 2021 - 2024

University of Cádiz
Master's in Integrated Water Management | 2020 - 2022

University of Cádiz
Bachelor's in Environmental Sciences | 2014 - 2019

Additional Training

Udemy
- Flutter – Mobile: From Zero to Expert | Instructor: Fernando Herrera | Completed
- Angular: From Zero to Expert – 2025 Edition | Instructor: Fernando Herrera | In progress

Technical Skills

Programming Languages & Markup

TypeScript | JavaScript | Dart | HTML5 | CSS3

Frameworks

Angular | React | Flutter | Tailwind CSS | Bootstrap

Development Tools

Git | GitHub | Figma

Project Management Tools

Asana | Monday

Principles & Best Practices

Clean Architecture | Web Accessibility | Responsive Design
